Alvaro Luken

San Diego, California, United States in/alvaro-luken x.com/punk6068

SUMMARY

Look up my content on Youtube under "Al Luken"! Years of experience as a well-known DevRel in the blockchain space. Known for an empathetic teaching approach, consistently receiving outstanding feedback from students who cite my patience and ability to make complex technical concepts accessible.
Brings true experience working closely with developers across diverse backgrounds: mentoring, supporting, and collaborating to solve problems, improve workflows, and drive both individual and team growth.

EXPERIENCE

Founder

P2 Market (non-profit open source work for fun / passion) **March 2025 - Present**

- Architecting a peer-to-peer commerce protocol on Base. Developing open-source smart contracts and localized infrastructure to facilitate secure, high-velocity C2C transactions using stablecoins. Available at https://p2.market/.

Senior DevRel Engineer

Alchemy **February 2025 - February 2026, New York, NY**

- Led the team restructure of the DevRel program at Alchemy, creating a supportive and culture for the DevRel TEAM to deliver meaningful and impactful results.

Senior Ecosystem Growth Marketing Specialist

Circle **January 2024 - December 2024, Remote**

- Created the **USDC Grant Program**, managing a budget of **over $1M** and creating a vibrant network of Circle-aligned projects and founders.
- Led **dozens** of educational workshops on Circle products both internally and externally at conferences and hackathons.

Developer Education & Experience, Lead

Alchemy **August 2022 - January 2024, San Francisco, CA**

- Created Alchemy University, a product that has taught **over 100,000** developers about Ethereum and smart contracts.
- Created **thousands** of net-new educational initiatives, including docs, API guides, tutorials and videos.

Lead Instructor

ChainShot (acquired by Alchemy) **June 2021 - August 2022, Remote**

- Led the intensive Ethereum Developer Bootcamp, directly teaching **hundreds** of students.
- Directly led scaling and sales efforts, increasing the max capacity of the product **from 10 students to 100 students**.
